The Kentucky Environmental and Public Protection Cabinet will conduct a public hearing on July 20, 2006, at 10:00 a.m. (ET) in the conference room of the FIVCO Area Development District, 3000 Louisa Street, Catlettsburg, Kentucky. This hearing is being held to receive comments on a proposed State Implementation Plan (SIP) revision to redesignate the Kentucky portion of the Huntington-Ashland, West Virginia-Kentucky ozone nonattainment area to attainment for the eight-hour ozone National Ambient Air Quality Standard. This revision, when approved by U.S. EPA, will redesignate Boyd County to attainment, and document that the ambient monitoring data for 8-hour ozone indicates attainment of the standard.

This hearing is open to the public and all interested persons will be given the opportunity to present testimony. To assure that all comments are accurately recorded, the Division requests that oral comments presented at the hearing also be provided in written form, if possible. To be considered part of the hearing record, comments must be received by the close of business. Comments should be sent to the contact person.
